NOTICE OF INCREASED WATER RATES AND CHARGES EFFECTIVE FOR WATER BILLED IN JANUARY 2015

Dear Customer,

An overall rate increase of 5.8 percent was approved by the Otay Water District (the "District") as part of the annual budget adoption process completed in May 2014. For a typical single-family residential water customer, your water bill will increase by \$3.82 per month beginning January 1, 2015. Depending on your billing cycle, the new rates and charges will apply to water used as early as the beginning of December 2014. **This letter serves as a 30-day notice of rate increases.**

The District is a revenue-neutral public agency. To continue providing reliable high-quality water service the District must implement rate increases and pass-through to its customers higher costs from wholesale water suppliers. A large percentage of this increase is a direct pass-through from those suppliers, which include the Metropolitan Water District of Southern California (MWD), San Diego County Water Authority (CWA), and the City of San Diego.

On September 4, 2013, the District adopted a five-year schedule of rates in compliance with applicable provisions of the law. This increase is within the limits contemplated in the five-year schedule of rates.

Water wholesalers raise their water rates as they work to obtain new and more reliable supplies of water or build new and more reliable infrastructure. This includes agricultural to urban water transfers, expansion of reservoirs, pipeline relining projects, new water treatment plants, as well as potential new sources of water supplies such as ocean water desalination. In addition, rate increases cover the cost of acquiring imported water from the Colorado River and Northern California.

For its part, the District continues to work to reduce internal costs including reducing the number of full-time employees and instituting efficiency programs that help reduce the impact of higher rates from suppliers. The District also continually strives to be among the lower cost water service providers in San Diego County.

With water resources stretched thin across California, and mandates on all Californians to save water, customers interested in learning ways in which they can reduce their water use to minimize the effects of this

rate increase can visit the District's Conservation pages at www.otaywater.gov. The District provides information on rebates, incentives, water audits, and other resources to help you save water.

The Water Conservation Garden located on the campus of Cuyamaca College in Rancho San Diego is free to the public and offers various conservation exhibits and classes to help you save water too. Please visit the Water Conservation Garden, or visit www.thegarden.org.

PROJECTED WATER BILLS BY AGENCY EFFECTIVE FY 2015

Si gusta asistencia en Español, referente a esta notificación, favor de llamar al 619-670-2222.

Typical Bill at 14 HCF² (or Units) of Water per Month

Your bill will vary based on meter size, water consumption in units, and geographic location.

	MWD/CWA ¹	System Fee ¹	Water Rate ²	Energy Charge ⁴	Water Charge by Improvement District ⁵	Total ⁵
Current	\$14.45	\$16.19	\$44.08	\$2.33	\$0.79	\$77.84
New	\$13.67	\$19.39	\$46.19	\$2.41	-	\$81.66
Increase in monthly water bill:						\$3.82

New Rates and Fees

Single Family Consumption Blocks (Units or HCF) ²				Current	New	
Conservation Tier³				\$1.86	\$1.95	
6 - 10				\$2.90	\$3.04	
11 - 22				\$3.77	\$3.95	
23 +				\$5.80	\$6.08	
				Current	New	
Meter Size	System Fee	MWD/CWA	Total	System Fee	MWD/CWA	Total
3/4"	\$16.19	\$14.45	\$30.64	\$19.39	\$13.67	\$33.06
1"	\$22.87	\$26.79	\$49.66	\$27.39	\$25.35	\$52.74
1 1/2"	\$39.58	\$60.61	\$100.19	\$47.40	\$57.35	\$104.75
2"	\$59.62	\$103.08	\$162.70	\$71.39	\$97.53	\$168.92

Other Charges

	Current	New
Energy Charges⁴	\$0.048	\$0.050
Fire Service <3"meter⁶	\$21.14	\$25.32
Fire Service >4"meter⁶	\$28.49	\$34.12

Footnotes

1. These fees are based on the meter size. The MWD/CWA fee is decreasing to match the cost from the District's water suppliers. The System Fee is increasing to pay for higher water system replacement, maintenance, and operating expenses.
2. This cost varies based on water usage and can be calculated using the consumption block tables. One unit of consumption equals 748 gallons of water or one HCF (hundred cubic feet).
3. The Conservation Tier discount applies toward the first five units when overall consumption is ten units or less.
4. The Energy Charge represents the cost of energy required to pump each unit of water 100 feet in elevation. This is charged proportionately for every foot of elevation over 450 feet.
5. Charges collected through the property tax role (Availability fees and general obligation debt) are not included in this total.
6. Fire Service requires a separate meter and this fee is based on meter size.

This information reflects only changes to rates. For a comprehensive listing, please see the Otay Water District's Code of Ordinances at www.otaywater.gov. Prolonged drought conditions or declared water shortages may impact rates.
